

Seminar on' LEADING LEED THRU GREEN CHILLERS' in Kolkata

Taking the Green Momentum a step ahead, Kirloskar Chillers & ISHRAE Kolkata Chapter Jointly organized Seminar at hotel Golden Park, Kolkata on 15th September, 2011.

Kolkata, with its swift growth across various infrastructural & commercial projects, is catching everyone's attention & thereby greatly influencing associated businesses. Apart from Kolkata, there are a lot of developments happening in the contiguous states – Orrisa, Jharkhand, and Bihar, Assam.

Kirloskar Chillers, in order to increase awareness about the product range & its features, organized seminar, by partnering with ISHRAE Kolkata chapter. Thru the seminar Kirloskar Chillers was keen to strengthen the confidence amongst different set of customers about the local presence and showcase sales & service capabilities. The theme of the seminar was 'Leading LEED Thru Green Chillers'. During the seminar, Kirloskar Chillers touched upon key topics –

- LEED-India – Overview and its requirements
- Company profile & Product Offerings
- How Kirloskar Chillers – PRODIGY™ & BRAVURA™ Series Screw Chillers & TURBOTEK™ Centrifugal Chillers have been facilitating Consultant/Architect/Builder in attaining LEED-Platinum rated projects

ISHRAE Kolkata chapter members were quite happy to see the warm response for Seminar and expressed their gratitude to Kirloskar Chillers for making the session a grand success.
